RACC-trial Newsletter July 2021

- **The 200th patient was randomized on July 28th!!! Well done everybody!**
- During April-July, an average of 13,5 patients were randomized/month and with more sites being added every month, we should definitely reach the 2021 target (270 patients)
- Since the last newsletter, the following sites have been activated:
 - Catharina Hospital Eindhoven with PI Dorry Boll
 - UMC Utrecht with PI Kees Gerestein
 - Bellvitge Hospital Barcelona with PI Jordi Ponce
- An additional 3-4 sites are expected to become active during August
- For data managers: remember that entering operative data in PheedIT will require assistance by the local PI

Participating countries (active) July 2021

Accrual status July 2021
