## All time high inclusion April 2022

**So far, 21 patients have been enrolled during April, exceeding all previous months!**

- The record breaking enrollment was achieved by the existing 22 active sites in the trial
- 5 additional sites have been approved and we expect Pisa (It), Freiburg (Ger), Odense (Dk), Arhus (Dk) and Copenhagen (Dk) to become active shortly
- As of April 29th, a total of 333 patients have been enrolled
- We expect to reach 50% inclusion (384) in just 2-3 months

**Keep up the good work and let us know if you need additional support!**
