Another amazing month!

Short-lived record - 23 patients enrolled in May

- The previous record (April with 21 patients) was beaten in May!
- Denmark (Arhus, Copenhagen and Odense) should be activated any day now
- Pisa (It) and Freiburg (Ger) have submitted ethical applications
- There is some interest from APGOT (Asia-Pacific Gynecologic Trials Group) and the National Taiwan University Hospital has submitted Quality Assessment form
- As of June 15th, a total of **369 patients** have been enrolled
- Only 15 patients left to 50% inclusion, should be reached 4 months earlier than expected
- The first "in-person" investigator meeting will be held early 2023 in Stockholm

Fabulous work by all teams! Keep up the good work and let us know if you need additional support!
