Happy New Year!

Almost at 500!

Dear investigators, with 480 randomized patients by December 31st, we almost reached 500! There is still a chance we might reach this milestone before the investigator meeting in January. Accrual is ahead of schedule and with the recent activation of new sites from Denmark and Germany, we anticipate a great 2023 for the RACC-trial.

Please feel free to register additional team members to the scientific meeting January 19th 2023 (free of charge)

Look forward to see you in Stockholm January 2023!

Welcome to the
RACC
investigator meeting,
19th – 20th January 2023

On behalf of the RACC Trial
Steering Committee
